Safety, Baby Care & Fun

Mobile safety cabin | Smart amusement park designed for babies

FIRM PROTECTION FOR THE FAMILY

37 L

Air-curtain volume, +12% year-on-year

8 ms

Airbag detonation time with door pressure sensors (typically ~14 ms)

156%

Structural strength above mainstream EU/US standards

Customized, extended side curtains for baby safety. Intelligent child safety seat co-developed with GOODBABY: fully electronic 4-way adjustment and 3-level intelligent induction ventilation.

BABYCARE INTELLIGENT DRIVING CARE MODE

ACC/IACC automatically sets the longest following distance to avoid sudden-braking impact. Acceleration and deceleration G-values are specially calibrated to ease the load on a child's vestibular system and reduce motion sickness. An exclusive rear camera for the left rear child position shows the child on the main screen in real time, with automatic smile capture and manual capture to record growth moments.

SMART AMUSEMENT PARK: FUN

Sliding door: nanosecond laser sensing, high-sensitivity anti-pinch, steep-slope stall protection; the child seat rotates automatically when the door opens; child-height B-pillar armrest. **Table board:** antibacterial, holds up to 30 kg; passenger seat folds 90° into a diaper table. **Media:** BABYBUS app, THUNDERSTONE KTV, Koala XINGXING voice Q&A.; **Views:** low rear windows, 1800 × 1300 mm panoramic sunroof. **Cooler/warmer box:** 3-50 °C, 4 levels, 5 L (four 550 ml bottles).

Comfort & Happiness

A comfortable space for mom | A happiness companion space for the whole family

COMFORT: FREEDOM TO ENJOY HERSELF
